

# **BELLINGEN SHIRE COUNCIL REVENUE POLICY, SCHEDULE OF FEES AND CHARGES 2023/2024**

**BELLINGEN  
SHIRE COUNCIL**

# STATEMENT OF REVENUE POLICY 2023/2024

## Annual Statement of Revenue Policy

### Purpose

It is a requirement of Section 405 of the NSW Local Government Act 1993 for Council to have a statement of Council's Revenue Policy each year.

The objectives of the Revenue Policy are:

- To meet statutory requirements
- To establish the total revenue required to fund Councils' activities within budgetary constraints; and
- To identify the revenue sources available to Council.

### Summary

Bellingen Shire Council utilises a variety of sources to generate sufficient income to deliver a wide range of services for the local community. These sources range from statutory and user-pay charges to entrepreneurial ventures.

Revenue Categories include:

- Rates
- Annual Charges for services
- Fees for service
- Commonwealth and State Government grants
- Earnings from investments and entrepreneurial activities
- Borrowings
- Other revenues, including income from the sale of assets.

The following pages are a series of statements that explain each major area of Council's revenue base.

In summary these statements are as follows:

- Statement of rating structure
- Statement of charges
- Statement of fees
- Statement of pricing policy for goods and services
- Statement of charges for work by Council on private land
- Statement of borrowings
- National competition policy

# STATEMENT OF REVENUE POLICY 2023/2024

## Statement of Rating Structure

---

Rates are Councils' major source of funding, representing over a third of Councils' operating revenue. In NSW, council rates are levied based on land valuations supplied by the Valuer General's Department. These valuations are reviewed every three years as part of a process termed 'General Revaluation'. It is important to note that regardless of changes in the land valuations for existing properties the actual total amount of rates income a council may levy is limited by rate pegging, where the Independent Pricing and Regulatory Tribunal (IPART) determines annually the allowable increase in rates.

## Rating Structure

---

In determining its rating structure, Council considers the need for equity amongst all ratepayers within the Local Government Area. In setting its 2023/2024 rating structure Council considered the three options available under the NSW Local Government Act 1993. These are as follows:

### Ad Valorem

- Land Value of each property x Rate in Dollar (ad valorem) = Rates

### Ad Valorem plus Minimum Rate

- Land value of each property x Rate in Dollar (ad valorem) = Rates
- Unless rates are below a predetermined minimum rate, in which case the minimum rate applies.
- Council sets a minimum rate charge for all categories.

### Ad Valorem plus Base Charge

- Up to 50% of income collected by base charge
- Remaining income collected on ad valorem basis

For the 2023/2024 year Council will maintain its existing rating structure, being ad valorem plus base charge. This is considered an equitable way for residents to pay a reasonable amount towards the core services provided by Council, regardless of the land value on their property.

## Rate Pegging & Population Growth

---

The NSW Government introduced rate pegging in 1977. Rate pegging limits the amount that Council can increase its total general rate income from one year to the next by a specific figure determined by the Independent Pricing and Regulatory Tribunal (IPART). The Chair of IPART has specified a permissible increase in revenue from ordinary rates as prescribed by Section 506, NSW Local Government Act 1993 of 3.7% for 2023/2024. General income comprises income from ordinary rates and does not include income from waste management service charges or water and sewerage service charges.

The rate pegging percentage of 3.7% is determined by IPART and is the maximum general increase in income Council can collect for 2023/2024.

# STATEMENT OF REVENUE POLICY 2023/2024

From 2022, the IPART included a population growth factor in the rate peg methodology. For Bellingen Shire Council the IPART have added in a population factor of 0.8%. This brings the rate peg for Bellingen to 4.5% for 2022/23. This is due to a population increase of 0.8% from 13,142 to 13,248.

IPART determines the rate peg by measuring changes in the Local Government Cost Index (LGCI), which includes changes in the average costs faced by councils.

A fact sheet on the rate peg is available on IPART's website: [www.ipart.nsw.gov.au](http://www.ipart.nsw.gov.au)

If council wishes to increase income above the approved rate peg, Council must apply to IPART for a Special Variation to General Income.

## Special Variation – 8% inclusive of Rate Peg and Population Growth

For 2023/2024 Council resolved to submit an application to the Independent Pricing and Regulatory Tribunal (IPART) for a Special Rate Variation (SRV) of 8% inclusive of the already approved 4.5% rate peg. The income generated from the rate variation in addition to the rate peg amount is expected to be \$323,370. The forecast income generated will allow Council to maintain existing services and service levels, improve Councils financial stability and reduce infrastructure backlogs for asset maintenance and renewals.

On 15 June IPART determined to approve Councils Special Rate Variation application.

The rate structure below reflects the approved SRV for 2023/2024.

## 2023/2024 Rate Structure – 8% SRV

Category	No of assess	Rateable Land value	Base \$	Ad Valorem	% Base Yield	Average Rates	Estimated Income
Business	128	5,796,5482	622.00	0.00201972	40.48	1,536.64	196,690
Business-Bellingen	107	61,451,354	622.00	0.00247479	30.44	2,043.30	218,633
Business-Dorrigo	92	18,525,270	566.70	0.00381649	42.44	1,335.19	122,838
Business-Urunga	55	33,126,350	622.00	0.00324478	24.14	2,576.32	141,698
Business-Industrial	27	11,934,000	622.00	0.00319581	30.57	2,034.55	54,933
Farmland	403	647,629,196	598.40	0.00165478	18.37	3,257.67	1,312,840
Residential	917	456,421,522	622.00	0.00160345	43.80	1,420.09	1,302,221
Residential-Bellingen	1,332	579,056,076	622.00	0.00183482	43.81	1,419.64	1,890,965
Residential-Dorrigo	548	142,290,000	542.40	0.00214687	49.32	1,099.84	602,714
Residential-Mylestom	177	97,450,000	622.00	0.00172716	39.54	1,572.91	278,406
Residential-Rural	1,230	899,319,784	622.00	0.00179565	32.15	1,934.90	2,379,922
Residential-Urunga	1,137	461,923,260	622.00	0.00166615	47.89	1,298.90	1,476,849
<b>TOTAL</b>	<b>6,153</b>	<b>3,467,092,294</b>					<b>9,978,708</b>

# STATEMENT OF REVENUE POLICY 2023/2024

## Categorisation

Section 514 of the NSW Local Government Act 1993 requires all land to be categorised as one of four categories according to its dominant use. The four categories of the ordinary rate are as follows:

- Farmland
- Residential
- Business
- Mining

Section 529 of the NSW Local Government Act 1993 states that properties may be further categorised into one of Council's rating sub-categories, to allow a more fair and equitable distinction for levying of rates.

Currently Council has the following Rating Categories and Sub-categories:

Residential	Business
Residential – Bellingen	Business – Bellingen
Residential – Dorrigo	Business – Dorrigo
Residential – Mylestom	Business – Industrial
Residential – Urunga	Business – Urunga
Residential – Rural	Farmland

## Instalments

---

Rates and Charges can be paid by either quarterly instalments or a single instalment. The 2023/2024 due dates for these instalments are as follows:

1<sup>st</sup> Instalment or Payment in Full – 31 August 2023

2<sup>nd</sup> Instalment – 30 November 2023

3<sup>rd</sup> Instalment – 28 February 2024

4<sup>th</sup> Instalment – 31 May 2024

## Interest on Overdue Rates and Charges (Sec 566(3) NSW Local Government Act 1993)

---

Council proposes to charge the maximum rate per annum accruing on a daily basis on outstanding rates and charges for 2023/2024, as set by the Minister for Local Government. For 2023/2024 the interest rate has been set at 9%.

# STATEMENT OF REVENUE POLICY 2023/2024

## Pensioner Rebates (Sec 575 NSW Local Government Act 1993)

---

Rebates are available to eligible pensioners who are solely or jointly liable for the payment of rates and charges. The pensioner must occupy the dwelling as their sole or principal place of living.

The rebates are as follows:

- 50% of the combined ordinary rates and domestic waste management charge up to a maximum rebate of \$250.00.
- 50% of water charges up to a maximum rebate of \$87.50.
- 50% of sewerage charges up to a maximum rebate of \$87.50.

The pensioner rebate must be applied against the rate assessment or water usage account in the name of the ratepayer and not a Body Corporate or a Company, except where it is allowed by special agreement. The special agreement would cover circumstances such as where an applicant is the sole shareholder of the company that owns the property and the property is used as the applicants' principal place of residence.

Rate Rebates will be granted to pensioners who meet the eligibility criteria and will be limited to the current rating year and rating year prior to the application.

## Valuation of Land

---

The applicable land valuation for rating purposes is supplied by the Valuer Generals' Department. The Valuation of Land Act 1916 requires Council to levy rates using the most recent land values supplied to Council. Revised Land Valuations are supplied to Council every three years as part of a process termed 'General Revaluation'.

A general revaluation of the Bellingen Shire Council Local Government Area is undertaken every three years with a revaluation being undertaken in 2022/2023 with the new values used to levy rates from 1 July 2023. The new land values are used to distribute the rates across the local government area for the 2023/2024 year.

Council has undertaken a large body of work to ensure the rates burden is equitably distributed across the Shire, and the large increases are managed to ensure the impact to individual ratepayers are minimised.

## Statement of Charges

---

### Annual Availability Charges – Water Supply Services (Sec 501 NSW Local Government Act 1993)

The State Government has moved away from cost reflective water pricing principles to those influenced by demand management as per the Best Practice Management of Water Supply and Sewerage Guidelines 2007.

For the 2023/2024 financial year Council will make and levy annual charges for its water supply service on each parcel of land where the service is available as defined in Section S552 of the NSW Local Government Act 1993.

# STATEMENT OF REVENUE POLICY 2023/2024

Council may levy a charge relating to water supply on:

- (a) land that is supplied with water from a water pipe of the council, and
- (b) land that is situated within 225 metres of a water pipe of the council and capable of being supplied.

Service – Per Meter	Number of Meters	2023/2024 Annual Charge (\$)	Yield (\$)
20mm Water Availability	4,403	155.00	682,465
25mm Water Availability	54	241.00	13,014
32mm Water Availability	19	396.00	7,524
40mm Water Availability	14	616.00	8,624
50mm Water Availability	24	963.00	23,112
65mm Water Availability	1	1,628.00	1,628
80mm Water Availability	3	2,466.00	7,398
90mm Water Availability	0	3,123.00	0
100mm Water Availability	1	3,854.00	3,854
Fire Service	21	155.00	3,255
<b>TOTAL</b>	<b>4,540</b>		<b>\$750,874</b>

For 2023/2024 financial year Council proposes to make and levy annual charges for its water supply service on each parcel of residential and non-residential land where the service is **available** and **not connected**.

The charge for each assessment is as follows:

Service – Per Meter	Number of Meters	2023/2024 Annual Charge (\$)	Yield (\$)
Annual Access Charge – Not Connected	74	137.00	10,138
<b>TOTAL</b>	<b>74</b>		<b>10,138</b>

## Fire Service

Council may exempt properties from the payment of this charge where a Council approved permanent on-site water supply systems have been installed, generally as a requirement of development consent and where the property is not connected to Council's reticulated water supply system.

## Developer Contributions

Any rate assessment that has been de-amalgamated during the financial year and any lots that have not previously been levied for water and wastewater services or previously paid developer contributions under Section 64 of the Local Government Act 1993 for the provision of water and wastewater services will be subject to developer contributions. This is required prior to connections being installed and a Water Compliance certificated being issued. These connections will also attract annual access charges.

# STATEMENT OF REVENUE POLICY 2023/2024

## Strata Properties

S495A of the NSW Local Government Act 1993 states that each lot in a registered strata plan or each dwelling/portion in a company (S547 (1) Local Government Act 1993) is taken to be a separate parcel of rateable land. For the purposes of levying charges under S501 of the NSW Local Government Act 1993, annual water charges on these properties will be charged per strata lot or dwelling/portion.

Council estimates that annual charges will yield \$761k (25% of total income) in 2023/2024.

## Usage Charge – Water Supply (Section 502 NSW Local Government Act 1993)

User Charge	2023/2024 - \$ per kilolitre
Residential	2.80
Residential – Inclining Block Tariff (IBT)	4.20
Non Residential	2.80

Consumption is based on quarterly meter readings. Estimates are used where the meter is deemed by Council to be faulty or inaccessible. Usage charges are levied and payable quarterly.

Council estimates that water usage charges will yield \$2.283M (75% of total income) in 2023/2024.

## Inclining Block Tariff (IBT)

An Inclining Block Tariff will also be applicable for residential consumers only. As such, any residential consumer that uses more than 1kl per day in any billing period will be charged at one and a half times the normal rate for all consumption in excess of the average daily rate.

An example is provided below:

Billing Period	No of Days	Usage	User Charges	Amount billed \$
May – Aug	90	100kl	90kl @ \$2.80 + 10kl @ \$4.20	\$294.00
Aug – Nov	110	175kl	110kl @ \$2.80 + 65kl @ \$4.20	\$581.00
Nov – Feb	80	90kl	80kl @ \$2.80 + 10kl @ \$4.20	\$266.00
Feb – May	85	85kl	85kl @ \$2.80 + 0kl @ \$4.20	\$238.00
<b>Full Year</b>	<b>365</b>	<b>450kl</b>		<b>\$1,379.00</b>

Where Council is unable to determine actual consumption (ie inaccessibility, unrestrained dog, broken meter, etc) usage charges will be based on the average quarterly usage for the prior 12 month period.

Council estimates that the water annual charges and water usage charges will yield \$3.044M in 2023/2024.

## Policy for Waiver of Excess Water Usage Charges as a Result of an Internal Plumbing Failure

Council has adopted a Policy for the partial waiver of excess water usage charges as a result of an internal plumbing failure.

The Policy and details can be located on Councils' website: [www.bellingen.nsw.gov.au](http://www.bellingen.nsw.gov.au)

# STATEMENT OF REVENUE POLICY 2023/2024

## Kidney Dialysis Allowance

---

Council will provide assistance to consumers who are required to use large amounts of water to undertake kidney dialysis treatment or other health related treatments in the home.

The allowance will be applied in the following circumstances:

### Kidney Dialysis Patients Undertaking Treatment at Home

Council will provide an allowance to customers who use a registered haemodialysis machine at home. If you're renting a property, talk to your landlord or managing agent about this allowance. An allowance of up to 80 kilolitres of water consumption per quarter will be applied to water usage accounts for properties where the North Coast Area Health Service (NCAHS) confirm in writing that a dialysis machine is used by a resident of the property. The written confirmation must contain the name of the resident using the dialysis, the property address and the date of commencement of dialysis.

Other Health Related Home Treatment that requires substantial water use will be granted an allowance on water consumption for their principal residence. Applications will be considered on a case-by-case basis.

## Annual Availability Charges – Sewerage Services (Sec 501 NSW Local Government Act 1993)

---

For the 2023/2024 financial year Council proposes to make and levy annual charges for its sewerage network service on each parcel of **residential** land where the service is available, as defined in Section S552 of the NSW Local Government Act 1993, and based on the size of the water meter connected to the property.

The charge is payable regardless of whether the service provided is actually used.

Council may levy a charge relating to sewer supply on:

- (a) land that is situated within 75 metres of a sewer of the council and is capable of being connected.

The charge for each meter is provided below:

### RESIDENTIAL:

Nature of Service – Per Meter	No Meters	2023/2024 Annual Charge (\$)	Yield (\$)
20mm Sewer Availability – Residential	2,983	1,132	3,376,756
25mm Sewer Availability – Residential	6	1,765	10,590
32mm Sewer Availability – Residential	2	2,897	5,794
40mm Sewer Availability – Residential	5	4,525	22,625
50mm Sewer Availability – Residential	0	7,069	0
65mm Sewer Availability – Residential	0	11,946	0
80mm Sewer Availability – Residential	0	18,100	0
90mm Sewer Availability – Residential	0	22,909	0
100mm Sewer Availability – Residential	0	28,283	0
<b>TOTAL</b>	<b>2,996</b>		<b>3,415,765</b>

# STATEMENT OF REVENUE POLICY 2023/2024

For 2023/2024 financial year Council proposes to make and levy annual charges for its sewerage network service on each parcel of **non-residential** land where the service is available and based on the size of the water meter connected to the property. The charge is payable regardless of whether the service provided is actually used.

## NON-RESIDENTIAL:

Nature of Service – Per Meter	No Meters	2023/2024 Annual Charge (\$)	Yield (\$)
20mm Sewer Availability – Non-Residential	277	1,132	313,564
25mm Sewer Availability – Non-Residential	24	1,765	42,360
32mm Sewer Availability – Non-Residential	10	2,897	28,970
40mm Sewer Availability – Non-Residential	6	4,525	27,150
50mm Sewer Availability – Non-Residential	16	7,069	113,104
65mm Sewer Availability – Non-Residential	0	11,946	0
80mm Sewer Availability – Non-Residential	1	18,100	18,100
90mm Sewer Availability – Non-Residential	0	22,909	0
100mm Sewer Availability – Non-Residential	0	28,283	0
<b>TOTAL</b>	<b>334</b>		<b>543,248</b>

For the 2023/2024 year Council proposes to make and levy annual charges for its sewerage network service on each parcel of residential and non-residential land where the service is available and *not* connected.

The charge for each assessment is:

Nature of Service – Per Assessment	No Meters	2023/2024 Annual Charge (\$)	Yield (\$)
Sewer Availability – Not Connected	45	1,025.00	46,125
<b>TOTAL</b>	<b>45</b>		<b>46,125</b>

## Strata Properties

Section 495A of the NSW Local Government Act 1993 states that each lot in a registered strata plan or each dwelling/portion in a company (S547(1) NSW Local Government Act 1993) is taken to be a separate parcel of rateable land. For the purposes of levying charges under Section 501 NSW Local Government Act 1993, annual sewerage charges on these properties will be charged per strata lot or dwelling/portion.

Properties that are serviced by a Council approved and functioning on-site effluent disposal systems (this includes the removal of any existing connection) may be exempt from the payment of this charge.

Council estimates that the annual charges will yield \$4M in 2023/2024.

## Pro rata levying of Water and Sewer Availability Charges

Council will apply water and sewer availability charges on a pro rata basis following connection of a water and/or sewer service provided by council, in a fair and consistent manner and in accordance with the

# STATEMENT OF REVENUE POLICY 2023/2024

provisions of the NSW Local Government Act 1993 and NSW Local Government (General) Regulations 2005.

In accordance with Section 553 of the NSW Local Government Act 1993 and 60 days after the Gazettal Notice of an extension to Council's sewer main, and 21 days after the Gazettal Notice of an extension to Council's water main, charges will be levied on a pro rata basis for those properties that are able to be connected.

## Usage Charges – Sewerage Services (Sec 502 NSW Local Government Act 1993)

---

Sewer Usage Charges are levied in accordance with the mandated NSW State Government Pricing Policy 2001.

The Policy has a user pays focus. Non-residential properties have been inspected and using Government Guidelines, the percentage of water each is estimated to dispose of into the sewerage system has been determined. This is referred to as the sewer discharge factor (SDF).

User Charge	2023/2024 - \$ per kilolitre
Non-Residential Connected	1.50

The charge is calculated as follows:

Sewer Usage Charge = U x (D x Q) whereby:

U = unit charge to convey and treat domestic sewage, being \$1.50/kl in 2023/2024.

D = discharge factor (estimated % of water consumption discharged to sewer)

Q = metered water consumption in kilolitres.

Council estimates that sewer usage charges will yield \$156K in 2023/2024.

## Annual Charges – Liquid Trade Waste (Sec 501 NSW Local Government Act 1993)

---

For the 2023/2024 financial year Council proposes to make and levy annual charges for its Liquid Trade Waste service in accordance with its Liquid Trade Waste Policy.

Non-residential properties are charged a Trade Waste Annual charge based on the number of trade waste generators present on the property.

The charge for each generator is:

Nature of Service – Per Generator	No Meters	2023/2024	Yield (\$)
Annual Access Charge - Non-residential Connected	96	269.00	25,824
<b>TOTAL</b>	<b>96</b>		<b>25,824</b>

Council estimates that the annual charges will yield \$26K in 2023/2024.

# STATEMENT OF REVENUE POLICY 2023/2024

## Usage Charges – Liquid Trade Waste (Sec 502 NSW Local Government Act 1993)

---

Non-residential properties that discharge trade waste into Councils' sewerage system incur usage charges based on category and volume of waste discharged into the sewer system.

Non-residential properties have been inspected and using Government Guidelines, each trade waste generator has been categorised into a charging category. The estimated volume of trade waste disposed into the sewerage system has been determined and a Trade Waste Discharge Factor (TWDF) applied to the relevant water services. The TWDF, in simple terms, is a percentage of the water usage (measured by the water meter) deemed to be discharged into the sewerage system as trade waste.

The charge is as follows:

1. Category 1 – Compliant

There is no consumption charge for Category 1 – Compliant.

2. Category 1 – Non Compliant

A consumption charge of one dollar and ninety cents (\$1.90) per kilolitre will be charged on all commercial properties. This charge will be based on water consumption of the previous quarter and affected by the strength and volume of waste and a Trade Waste Discharge Factor.

3. Category 2 – Compliant

A consumption charge of one dollar and ninety cents (\$1.90) per kilolitre will be charged on all commercial properties. This charge will be based on water consumption of the previous quarter and affected by the strength and volume of waste and a Trade Waste Discharge Factor.

4. Category 2 – Non Compliant

A consumption charge of nineteen dollars and thirty cents (\$19.30) per kilolitre will be charged on all commercial properties. This charge will be based on water consumption of the previous quarter and affected by the strength and volume of waste and a Trade Waste Discharge Factor.

The formula for calculating Liquid Trade Waste Usage (LTWU) is as follows:

Liquid Trade Waste Usage Charge =  $U \times (TWDF \times Q)$  whereby:

U = unit charge to convey and treat liquid trade waste, as per the charge category above

TWDF = % trade waste discharged to sewer

Q = metered water consumption in kilolitres

Council estimates that the Liquid Trade Waste usage charge will yield \$51K in 2023/2024.

# STATEMENT OF REVENUE POLICY 2023/2024

## Annual Charge – Domestic Waste Management (Sec 496 NSW Local Government Act 1993)

The Domestic Waste Management Service Charge (DWM) must be determined each year pursuant to Section 496, NSW Local Government Act 1993. This charge is audited annually by Councils' external auditors to ensure that the charge is 'reasonable' - that is, the cost of collecting domestic waste over a period of time throughout the council area is equivalent to the cost of providing the service over a period of time.

Council does not apply any income from the ordinary rate towards the cost of providing the Domestic Waste Management services. All income applied by Council towards the cost of providing domestic waste management services is obtained from the making and levying of Domestic Waste Management charges.

For the 2023/2024 financial year Council proposed to make and levy annual charges for its Domestic Waste Management Service on each parcel of residential land where the service is available. The charge is payable regardless of whether the service provided is actually used. The charge applies to each separate occupancy, per land parcel/assessment; excluding secondary dwellings as defined in Bellingen Local Environmental Plan 2010.

Charge on rateable properties (for a three 240lt bin service)	Number of Services	2023/2024 Annual Charge (\$)	Yield (\$)
Residential – Occupied	4,090	842.00	3,443,780
Residential – Unoccupied *	141	222.00	31,302
Waste Facility Access Charge	1,805	222.00	400,710
<b>TOTAL</b>	<b>6,036</b>		<b>3,875,792</b>

\*Unoccupied is where the land is vacant, not where the residence is vacant.

A residential Domestic Waste Management Service provides for a kerb side collection of three wheelie bins, one for recycling (collected fortnightly), one for general waste (collected fortnightly) and one for food and garden waste (collected weekly).

The Waste Facility Access Charge provides for those rural residents who do not receive a Domestic Waste Management Service that the main townships and villages receive. These rural residents can access the Raleigh Waste Management Centre, Bellingen Transfer Station and Dorrigo Waste Management Centre for domestic waste and recycling purposes only and is in lieu of the kerbside waste collection services that the township and village households receive. Rural residents will receive a Waste Facility Access Card that must be shown when entering Councils waste facilities.

All users of Councils waste facilities must show proof of ID when entering as non-shire residents are charged at a higher rate than residents. Those that are not willing to show ID will be denied entry to the site.

It is important to note, that either residential or rural residents (who pay either the Domestic Waste Management Service or the Waste Facility Access Charge fee), whom access the Raleigh Waste Management Centre, Bellingen Transfer Station and Dorrigo Waste Management Centre, to dispose of waste above the exempted levels as listed in Council's Schedule of Fees & Charges are subject to Council's gate charges at each facility and the NSW EPA Section 88 landfill levy, as applicable.

# STATEMENT OF REVENUE POLICY 2023/2024

Additional combinations of services are available for those parcels of residential land that receive the standard Domestic Waste Management Service consisting of 3 X 240 litre bins. These additional optional services are detailed in Councils' Fees and Charges Schedule.

Council estimates that the annual charges will yield \$3.88M in 2023/2024.

## Annual Charge – Commercial Waste Management (Sec 501 NSW Local Government Act 1993)

---

The Commercial Waste Management charge must be determined each year pursuant to Section 501, NSW Local Government Act 1993.

Commercial premises have the option to use either a mobile garbage bin (MGB) (the same as the Domestic Waste Management Service) or a commercial bulk bin service.

For the 2023/24 financial year Council proposes to make and levy annual charges for its Commercial Waste Management Service on each parcel of commercial and non-rateable land where the service is provided. The charge applies to each separate occupancy, per land parcel/assessment.

Charge on rateable properties (for a three 240lt bin service)	Number of Services	2023/2024 Annual Charge (\$)	Yield (\$)
Commercial – Occupied	316	842.00	266,072
Commercial – Unoccupied *	67	222.00	14,874
<b>TOTAL</b>	<b>383</b>		<b>280,946</b>

\*Unoccupied is where the land is vacant, not where the premises is vacant.

A Commercial Waste Management Service provides for the kerbside collection of three wheelie bins, one for recycling (collected fortnightly), one for general waste (collected fortnightly) and one for organic waste (collected weekly).

Additional combinations of services are available for those parcels of land that receive the standard Commercial Waste Management Service consisting of 3 X 240 litre bins. These additional optional services are detailed in Councils' Schedule of Fees and Charges.

Council estimates that the annual charges will yield \$281k in 2023/2024.

## Hardship Policy

---

Council has adopted a Hardship Policy for those ratepayers that are experiencing difficulty with payment of rates, charges and/or fees. The Policy and associated application form can be located on Council's web site: [www.bellingen.nsw.gov.au](http://www.bellingen.nsw.gov.au)

## Statement of Borrowings

---

Council proposes to borrow \$8.1M during 2023/2024.

# STATEMENT OF REVENUE POLICY 2023/2024

## Fees and Charges

---

The fees and charges that Council proposes to charge for products and services it provides are set out in the Councils' Schedule of Fees and Charges 2023/2024.

Goods and Services Tax (GST) applies to a number of goods and/or services supplied by Council. Those goods and/or services that are subject to GST have been identified in the Schedule of Fees and Charges as GST inclusive. Some goods and/or services supplied by Council have been declared GST free or are exempt from GST. Those goods and/or services which are GST free or are exempt from GST are indicated as exempt in the Schedule of Fees and Charges.

The Schedule of Fees and Charges has been prepared using the best available information in relation to the GST impact on the fees and charges at the time of publication. A fee that is shown as being subject to GST and is subsequently proven not to be subject to GST will be amended by reducing the GST to nil. Conversely, if Council is advised that a fee which is shown as being not subject to GST becomes subject to GST, then the fee will be increased but only to the extent of the GST.

In addition to the fees shown in the Schedule, Council levies contributions on developments to meet the additional demands on Council's services arising from those developments. Those fees and details of indexation formulae are included in the relevant Contribution Plans adopted by Council, copies of which may be inspected at Council's Offices. Those Plans describe the works that will be carried out utilising the contributions received.

*\*Regulated Charges/Statutory Fees set by Federal or State Government can change without notice.*

## Waiving or reducing fees

---

Under 610E of the NSW Local Government Act 1993, A council may waive payment of, or reduce, a fee (whether expressed as an actual or a maximum amount) in a particular case if the council is satisfied that the case falls within a category of hardship or any other category in respect of which the council has determined payment should be so waived or reduced. Any waiver, write-off or exemption of payment of any of these charges is at the discretion of the General Manager.

## Statement of Charges for Work by Council on Private Land

### Proposed Charges for Work on Private Land

---

Council proposes to charge actual cost plus a profit margin for carrying out work on private land. Labour costs are costed to cover employment overheads and plant hire is costed at standard private works rates. Materials and stores are charged at cost and Council may add a margin to the calculated cost to cover contingencies. Any profit margin is then added to the estimate.

# STATEMENT OF REVENUE POLICY 2023/2024

## Rounding

---

Some charges in this Policy have been rounded down to the nearest dollar.

## Other Statutory Information

---

### Asset Replacement/Refurbishment/Maintenance Programs/Disposals

Plant and light vehicle replacements will occur in accordance with the plant replacement schedule. Variations to the policy can occur depending on prevailing market conditions.

Council owns a number of parcels of land. Any of this land that is surplus to Council's needs may be disposed of or developed. Council has not adopted any specific policy with regard to the acquisition or sale of land however a review of council's property portfolio is currently underway.

Council has prepared a Four Year Rolling Works Program for shire roads and urban improvements. Council reviews these programs annually.

Council has an asset management policy, strategy, and plans for all of its assets. Assets are maintained on an as required basis and improved/replaced as funds permit.

### National Competition Policy

Council has adopted the principle of 'competitive neutrality' to its business activities as part of the national competition policy which is being applied throughout Australia at all levels of government. The framework for its application is set out in the June 1996 Government Policy statement on the "Application of National Competition Policy to Local Government". The "Pricing & Costing for Council Businesses a Guide to Competitive Neutrality" issued by the Office of Local Government in July 1997 has also been adopted. The pricing & costing guidelines outline the process for identifying and allocating costs to activities and provide a standard of disclosure requirements. These disclosures are reflected in Council's pricing and include taxation equivalents; council subsidies; return on investments (rate of return); and dividends paid.

For the purpose of the National Competition Policy the following activities of Council are regarded as "business activities":

#### Category 1 Businesses (Operating turnover \$2m and above)

- **Bellingen Shire Council Water Supply**

Comprising the whole of the operations and assets of the water supply systems servicing the towns of Bellingen, Urunga, Repton, Mylestom and Dorrigo.

- **Bellingen Shire Council Sewerage Service**

## STATEMENT OF REVENUE POLICY 2023/2024

Comprising the whole of the operations and assets of the sewerage reticulation and treatment system servicing the towns of Bellingen, Urunga and Dorrigo.

Government policy requires that subsidies provided to customers and the funding of those subsidies must be explicitly disclosed. Subsidies occur where council provides services on a less than cost recovery basis. This option is exercised on a range of services in order for council to meet its community service obligations. Accordingly, Subsidies disclosed (in relation to National Competition Policy) represents the difference between revenue generated from 'rate of return' pricing and revenue generated from prices set by the council in any given financial year.

The overall effect of subsidies is contained within the Income Statement of each reported Business Activity in Councils Long Term Financial Plan.

# STATEMENT OF REVENUE POLICY 2023/2024

## Goods and Services Tax

### Introduction

The Goods and Services Tax (GST) passed through legislation on 30 June 1999 and received Royal Assent on the 8 July 1999. The introduction of the Goods and Services Tax meant that certain fees and charges levied by Bellingen Shire Council attract GST, however Local Government benefits from a number of exemptions outlined in the Federal Treasurer's (Division 81) Determination.

### Transparency

Council has gone to great lengths to ensure it has been totally transparent in reporting the applicability of the GST to its fees and charges. This document has been set out in such a way so that you, as the user, will know exactly where the GST applies to fees and charges. Three columns in particular within this document relate to GST:

- **Charge (excl. GST):** This is the actual fee or charge without GST applied to it.
- **GST:** If GST is applicable, this column will show the value of the GST to be applied (for one unit) and is rounded to the nearest cent. If we are unable to determine the cost of a food or service at the time of printing (eg the cost may vary during the year), "calculate" will appear in the fee line and GST will be calculated once the fee is known. If the column is blank yet the fee amount field contains a fee, it indicates GST is not applicable.
- **Charge (incl. GST):** This column should only be used for indicative purposes only (refer to "GST calculations" below). The Column displays the Total Charge for one unit with GST included.

### GST Calculations

In most cases Council has been able to calculate the GST charge and report it as a dollar figure. This amount is based on one unit. For example, the charge to reproduce a copy of a Rate of Water Notice (page 21) is \$6.00, with GST of \$0.60, bringing the Charge inclusive of GST to \$6.60.

If Council was unable to calculate the unit charge at the time of printing, the word "calculate" will be shown in the fee line. In this case, GST will be calculated once the Fee Amount is known.

### GST Amendments

While the fee amount in this document will not alter without a resolution of Council, followed by a subsequent period on public exhibition, the applicability of the GST to the fees and charge may, depending on the interpretations and rulings as the GST legislation evolves.

# STATEMENT OF REVENUE POLICY 2023/2024

## Pricing Methodology

In determining the appropriate fees to be charged for Council services and facilities in 2023-2024, the basic principle applied was that charges should be considered fair and equitable to the general community. Individual members of the community should not be precluded from essential services because of economic circumstances.

The range of services provided by Council to the community is diverse and requires different considerations when determining the associated fee or charge. The level of the fee or charge was determined having regard to the following categories (which have been included in this document next to the relevant fee or charge):

Code	Description
A	<b>Economic Cost</b> Total cost of providing services for private good.
B	<b>Community Service</b> Services considered to have a level of benefit to the community. Generally benefits are not solely confined to users. Partially funded by rates.
C	<b>Regulated Charges</b> Federal or State Government set charges.
D	<b>User Pays Principal</b> Services under this category are such that individual cost can be determined and met by the user of the service.
E	<b>Market Forces</b> Services that Council operates in a competitive market and needs to fix charges similar to other providers.
F	<b>Cost Plus</b> Services provided on a commercial basis with an amount of risk profit included.
G	<b>Section 94 (Developer Contributions)</b> Items are priced at the level determined by the adoption of Council's Section 94 Plan. The Section 94 Plan provides for quarterly increases in these fees based on Consumer Price Index (CPI) increases.

## Bellingen Shire Youth Centre

- Hire of many of the BSYC rooms includes additional facilities such as the common area, kitchen, internet, utensils and appliances at no additional cost. As a result, all hire is subject to conditions including a "reasonable use policy" which ensures the intended hire is congruent with the purpose and mission of the centre and its facilities.
- Hiring may be subject to deposit, damage, security and cleaning charges as specified within the Hire Agreement.
- Half day hiring is up to 4 hours, full day is considered to be 4+ hours.
- The BSYC is used as a venue for numerous programs, some organised by the centre, others by third parties. Some of these programs are commercially based; others are free or by donation. Whatever the program, it is intended to ensure programs and events are suitable and accessible for the Shire's youth. As a result, regardless of the hiring organisation and the hire rate, the intent is the cost to youth for the majority of programs is free or minimal.
- Periodically, certain rooms become available for longer term lease. The prices on these depend on the term and the nature of the contract and the availability of the rooms (number of days available). As a result, when available, pricing for longer term leasing is available upon request and subject to being ratified by the Youth HUB Management Committee and Bellingen Shire Council.
- The Bouldering Wall facility at the centre was built by, and is under the auspices of the Bellingen Mentor Group. Session and usage charges apply and may be viewed on the Bellingen Shire Youth Centre website.

## Council Facilities/Halls

### Bellingen Citizens Centre

#### **INCORPORATED AND NOT FOR PROFIT RATES**

This rate is available to incorporated not-for-profit groups, unincorporated community groups, registered charities and schools. Eligibility is limited to organisations that are based in the Bellingen Shire local government area with a ticket value less than \$70.

Proof of Incorporation, ABN and registrations must be provided.

In addition, not-for-profit groups and community groups must have a form of organisational permanence, be non-government and not be operating for the profit or gain of its individual members. The Memorial Hall Venue Coordinator, Bellingen Shire Council will have responsibility for determining the eligibility status of groups.

Discounted rates apply to the fees and charges categories excluding all staffing related rates - discount available 7 days per week, subject to availability.

\*Venue staffing and transaction fees not subject to the standard discount rates.

#### **LOCAL/COMMUNITY RATES**

This rate is available to local individuals, groups, organisations and artists. Eligibility is limited to those based in the Bellingen Shire local government area and where programs, events and activities are undertaken by local artists and practitioners with a ticket value less than \$30. Events with a ticket value above \$30 and less than \$70 are eligible for the Incorporated/Not For Profit Rate.

"Local" is defined as an individual or organisation having a principal place of business (not being a PO) that is located in the Bellingen Shire local government area and that the individual/organisation has operated/resided within the Bellingen Shire local government area for a minimum period of three (3) months. The onus is on the individual or organisation to provide the necessary supporting evidence.

Rates are reflected in the fee structure.

#### **REGULAR USERS**

Council reserves the right to further negotiate a "regular users" rate for weekly hire. A regular user is classified as a group or organisation that hires the facility for a minimum of 40 weeks per year.

Council may also consider negotiating the hire of the facility where the hire is for a minimum of 10 events or activities per year. Those activities must be a continuous program or activity or otherwise have continuity or alignment. This is discretionary and will be determined at the time of booking.

### Thora Hall

Repair of any damage or removal of remaining debris/refuse shall be deducted from bond deposit.

Refund of deposit shall be determined after inspection. To retain full deposit, the hall shall be left in good/clean/tidy condition. To safeguard deposit, the hirer should notify the Booking Officer of any unseen or suspected damage prior to or at the start of the hire period.

Any crockery breakages will be deducted from the bond deposit.

The provision of additional consumable materials in addition to what is supplied by the hall Committee may be required. This advice, along with general requirements will be communicated to the Hirer by the Booking Officer prior to Hiring.

For more information and bookings phone (02) 6655 8506

Peak rates apply to bookings made for Friday, Saturday and Public Holiday events. All other bookings are considered "off peak". For event bookings less than three (3) hours in duration, an hourly rate structure is available.

Re-inspection Fee	\$175.10	\$0.00	\$175.10	each	N

## Liquid Trade Waste Usage Charges

Liquid Trade Waste Availability Charge	\$269.00	\$0.00	\$269.00	each	N
Category 1 Compliant			Nil charge		N
Category 1 Non Compliant	\$1.90	\$0.00	\$1.90	per kilolitre	N
Consumption x Trade Factor x Charge p/kl					
Category 2 Compliant	\$1.90	\$0.00	\$1.90	per kilolitre	N
Consumption x Trade Factor x Charge p/kl					
Category 2 Non Compliant	\$19.30	\$0.00	\$19.30	per kilolitre	N
Consumption x Trade Factor x Charge p/kl					
Biochemical Oxygen Demand (BOD5)	\$1.05	\$0.00	\$1.05	per kilolitre	N
Threshold Limit (mg/L) - 300					
Suspended Solids	\$1.30	\$0.00	\$1.30	per kilolitre	N
Threshold Limit (mg/L) -30					

Name	Year 23/24			Unit	GST
	Fee (excl. GST)	GST	Fee (incl. GST)		

## Liquid Trade Waste Usage Charges [continued]

Temperature <38C		Price on Application			N
pH Range (Factor) 7.0 to 9.0	\$0.65	\$0.00	\$0.65	per kilolitre	N
Oil & Grease (Total O & G) Threshold Limit (mg/L) - 100	\$1.75	\$0.00	\$1.75	per kilolitre	N
Detergents – Methylene Blue Active Substances (MBAS) Threshold Limit (mg/L) - 50	\$1.10	\$0.00	\$1.10	per kilolitre	N
Total Dissolved Solids (TDS) Threshold Limit (mg/L) - 4000	\$0.30	\$0.00	\$0.30	per kilolitre	N

## Heavy Metals

Aluminium Threshold Limit (mg/L) - 100	\$1.10	\$0.00	\$1.10	per kilolitre	N
Cadmium Threshold Limit (mg/L) - 1	\$434.90	\$0.00	\$434.90	per kilolitre	N
Chromium* (Cr3+) Threshold Limit (mg/L) - 3 * Discharge of hexavalent chromium (CR6+) from chromate compounds is not permitted.	\$31.60	\$0.00	\$31.60	per kilolitre	N
Cobalt Threshold Limit (mg/L) - 5	\$19.30	\$0.00	\$19.30	per kilolitre	N
Copper Threshold Limit (mg/L) - 5	\$19.30	\$0.00	\$19.30	per kilolitre	N
Iron Threshold Limit (mg/L) - 100	\$1.90	\$0.00	\$1.90	per kilolitre	N

Name	Year 23/24			Unit	GST
	Fee (excl. GST)	GST	Fee (incl. GST)		

### Heavy Metals [continued]

Lead	\$47.15	\$0.00	\$47.15	per kilolitre	N
Threshold Limit (mg/L) - 1					
Manganese	\$9.40	\$0.00	\$9.40	per kilolitre	N
Threshold Limit (mg/L) - 10					
Mercury	\$3,149.40	\$0.00	\$3,149.40	per kilolitre	N
Threshold Limit (mg/L) - 0.01					
Molybdenum	\$1.10	\$0.00	\$1.10	per kilolitre	N
Threshold Limit (mg/L) - 5					
Nickel	\$31.40	\$0.00	\$31.40	per kilolitre	N
Threshold Limit (mg/L) - 3					
Selenium	\$66.20	\$0.00	\$66.20	per kilolitre	N
Threshold Limit (mg/L) - 1					
Silver	\$1.75	\$0.00	\$1.75	per kilolitre	N
Threshold Limit (mg/L) - 2					
Tin	\$9.45	\$0.00	\$9.45	per kilolitre	N
Threshold Limit (mg/L) - 5					
Zinc	\$19.20	\$0.00	\$19.20	per kilolitre	N
Threshold Limit (mg/L) - 5					

### Other Substances

# For Equations to calculate excess mass charges refer to Councils' Trade Waste Policy.

NOTE: Fees are charged in accordance with Best Practice Water Supply, Sewer and Trade Waste Pricing Guidelines.

Ammonia (as N)	\$2.90	\$0.00	\$2.90	per kilolitre	N
Threshold Limit (mg/L) - 50					

Name	Year 23/24			Unit	GST
	Fee (excl. GST)	GST	Fee (incl. GST)		

## Other Substances [continued]

Arsenic	\$94.30	\$0.00	\$94.30	per kilolitre	N
Threshold Limit (mg/L) - 1					
Benzene	Price on Application				N
Threshold Limit (mg/L) - 0.1					
Boron	\$1.10	\$0.00	\$1.10	per kilolitre	N
Threshold Limit (mg/L) - 25					
Bromine	\$18.85	\$0.00	\$18.85	per kilolitre	N
Threshold Limit (mg/L) - 5					
Chlorine	\$1.90	\$0.00	\$1.90	per kilolitre	N
Threshold Limit (mg/L) - 10					
Cyanide	\$94.30	\$0.00	\$94.30	per kilolitre	N
Threshold Limit (mg/L) - 5					
Ethylbenzene	Price on Application				N
Threshold Limit (mg/L) - 1					
Flouride	\$4.80	\$0.00	\$4.80	per kilolitre	N
Threshold Limit (mg/L) - 20					
Formaldehyde	\$1.90	\$0.00	\$1.90	per kilolitre	N
Threshold Limit (mg/L) - 30					
Pesticides General (Excludes Organochlorides and Organophosphates)	\$938.95	\$0.00	\$938.95	per kilolitre	N

Alter supply - Commercial/Industrial - Major	\$185.00	\$0.00	\$185.00	each	N

### Install or alter Water Meter

Install 20mm water meter	\$252.00	\$0.00	\$252.00	each	N
Disconnect or remove water meter	\$110.00	\$0.00	\$110.00	each	N
Install non-standard size/length			At cost		N
By Quotation					

### Water Carter, Septic/Grease trap waste transporters

Application/Approval	\$72.00	\$0.00	\$72.00	each	N
Inspection	\$158.00	\$0.00	\$158.00	each	N
Annual Inspection required - per vehicle					
Amended Applications	\$72.00	\$0.00	\$72.00	each	N
Draw water from Council standpipe -potable water	\$11.80	\$0.00	\$11.80	per kilolitre	N
Potable					
Draw water from Council standpipe – residential consumer replenishment	\$4.95	\$0.00	\$4.95	per kilolitre	N
For the replenishment of water supply to residential consumers					
Draw water from Council standpipe	\$3.50	\$0.00	\$3.50	per kilolitre	N
Non Potable					

### Backflow Prevention

Application/Approval	\$72.00	\$0.00	\$72.00	each	N
Inspection	\$158.00	\$0.00	\$158.00	each	N
Annual Fee	\$36.00	\$0.00	\$36.00	each	N

Name	Year 23/24			Unit	GST
	Fee (excl. GST)	GST	Fee (incl. GST)		

### Backflow Prevention [continued]

Testing of backflow device By Quotation			At cost		N
--	--	--	---------	--	---

## Part C - Management of Waste

### OSMS

OSMS Inspection Fee Including Councils OSMS program	\$195.00	\$0.00	\$195.00	each	N
--	----------	--------	----------	------	---

### Approvals

Application - Replace disposal area	\$171.00	\$0.00	\$171.00	each	N
Approval to install an OSMS Section 68 NSW Local Government Act 1993	\$357.00	\$0.00	\$357.00	each	N
Approval to Operate an OSMS Includes change of ownership details	\$167.00	\$0.00	\$167.00	each	N
Application - Major Alternations	\$308.00	\$0.00	\$308.00	each	N

### Inspections

Point of Sale Inspection - Within 14 Days	\$363.00	\$0.00	\$363.00	each	N
Point of Sale Inspection - Urgent - Within 3 Days	\$643.00	\$0.00	\$643.00	each	N

### Sewer/Liquid Trade Waste

Application/Approval Includes Inspection	\$135.00	\$0.00	\$135.00	each	N
Inspection Re-Inspections	\$158.00	\$0.00	\$158.00	each	N

Name	Year 23/24			Unit	GST
	Fee (excl. GST)	GST	Fee (incl. GST)		

### Septic Tank Effluent Disposal

Application/Approval Includes Inspection	\$135.00	\$0.00	\$135.00	each	N
Inspection Re-Inspections	\$158.00	\$0.00	\$158.00	each	N

### Caravan Dump Effluent Disposal

Application/Approval Includes Inspection	\$135.00	\$0.00	\$135.00	each	N
Inspection Re-Inspections	\$158.00	\$0.00	\$158.00	each	N

## Part D - Community Land

### Engage in Trade or Business

#### Non Profit organisations Excluded

Commercial activities in Parks and Reserves plus inspection fee	\$135.00	\$0.00	\$135.00	each	N
Street Trading plus inspection fee	\$135.00	\$0.00	\$135.00	each	N

### Sewer Usage Charge - Sec 502 NSW Local Government Act 1993

Sewer Usage Charge	\$1.50	\$0.00	\$1.50	per kilolitre	N
Consumption x Sewer Discharge Factor x Sewer Usage charge p/kl					

### Sewerage Management

Repairs to Damaged Sewer Infrastructure			Cost + 15%		N
Works on Council owned Sewer Infrastructure Requested by Owner/Developer			Quotation		N

### Sewer Connection

Connection Works			At Cost		N
Per connection for each residential property connected					

### Sewer Diagram

Copy of diagram involving preparation or checking of diagram	\$53.00	\$0.00	\$53.00	each	N
--	---------	--------	---------	------	---

Name	Year 23/24			Unit	GST
	Fee (excl. GST)	GST	Fee (incl. GST)		

## Wastewater Disposal

Clean rags from septic strainer	\$34.25	\$0.00	\$34.25	each	N
Discharge septic waste from tanker	\$76.00	\$0.00	\$76.00	per kilolitre	N
Discharge pre-treated sewerage effluent from tanker	\$12.30	\$0.00	\$12.30	per kilolitre	N

NOTE: An Approval under Section 68 of the NSW Local Government Act 1993 is required to dispose of waste into a sewer of the Council

## Waste Management

### Commercial Waste Management Standard Service

Bin Supply and Clear – Events - per Unit	\$27.27	\$2.73	\$30.00	per bin	Y
Commercial – Full service	\$842.00	\$0.00	\$842.00	each/per annum	N
Weekly service (per separate occupancy). Consisting of 3 x 240 litre mobile garbage bins (1 mixed waste and 1 recycling collected fortnightly, 1 organics collected weekly)					
Commercial – Full service – Non Rateable Properties	\$842.00	\$0.00	\$842.00	each/per annum	N
Weekly service (per separate occupancy). Consisting of 3 x 240 litre mobile garbage bins (1 mixed waste and 1 recycling collected fortnightly, 1 organics collected weekly)					

### Commercial Waste Management Additional Services

Additional 240 litre Mixed – fortnightly collection	\$185.00	\$0.00	\$185.00	each/per annum	N
In addition to Full Commercial Service					
Additional 240 litre Recycling – fortnightly collection	\$60.00	\$0.00	\$60.00	each/per annum	N
In addition to Full Commercial Service					
Additional 240 litre Organics – weekly collection	\$150.00	\$0.00	\$150.00	each/per annum	N
In addition to Full Commercial Service					
Additional 360 litre Recycling – fortnightly collection	\$85.00	\$0.00	\$85.00	each/per annum	N
In addition to Full Commercial Service					

Name	Year 23/24			Unit	GST
	Fee (excl. GST)	GST	Fee (incl. GST)		

### Commercial Waste Management Additional Services [continued]

Additional 660 litre Mixed – weekly collection	\$1,250.00	\$0.00	\$1,250.00	each/per annum	N
In addition to Full Commercial Service					
Additional 660 litre Recycling – weekly collection	\$525.00	\$0.00	\$525.00	each/per annum	N
In addition to Full Commercial Service					
Additional 660 litre Mixed – fortnightly collection	\$625.00	\$0.00	\$625.00	each/per annum	N
In addition to Full Commercial Service					
Additional 660 litre Recycling – fortnightly collection	\$265.00	\$0.00	\$265.00	each/per annum	N
In addition to Full Commercial Service					
Additional 1100 litre Mixed – weekly collection	\$2,050.00	\$0.00	\$2,050.00	each/per annum	N
In addition to Full Commercial Service					
Additional 1100 litre Recycling – weekly collection	\$835.00	\$0.00	\$835.00	each/per annum	N
In addition to Full Commercial Service					
Additional 1100 litre Mixed – fortnightly collection	\$1,030.00	\$0.00	\$1,030.00	each/per annum	N
In addition to Full Commercial Service					
Additional 1100 litre Recycling – fortnightly collection	\$420.00	\$0.00	\$420.00	each/per annum	N
In addition to Full Commercial Service					
Upsize 360 litre Recycling – fortnightly collection	\$26.00	\$0.00	\$26.00	each/per annum	N
In exchange of standard 240 litre Recycling bin currently comprising part of full Commercial service.					
Upsize 660 litre Mixed – weekly collection	\$1,150.00	\$0.00	\$1,150.00	each/per annum	N
In exchange of standard 240 litre Mixed bin currently comprising part of full Commercial service.					

Name	Year 23/24			Unit	GST
	Fee (excl. GST)	GST	Fee (incl. GST)		

### Commercial Waste Management Additional Services [continued]

Upsize 660 litre Recycling – weekly collection	\$470.00	\$0.00	\$470.00	each/per annum	N
In exchange of standard 240 litre Recycling bin currently comprising part of full Commercial service.					
Upsize 660 litre Mixed – fortnightly collection	\$520.00	\$0.00	\$520.00	each/per annum	N
In exchange of standard 240 litre Mixed bin currently comprising part of full Commercial service.					
Upsize 660 litre Recycling – fortnightly collection	\$205.00	\$0.00	\$205.00	each/per annum	N
In exchange of standard 240 litre Recycling bin currently comprising part of full Commercial service.					
Upsize 1100 litre Mixed – weekly collection	\$1,950.00	\$0.00	\$1,950.00	each/per annum	N
In exchange of standard 240 litre Mixed bin currently comprising part of full Commercial service.					
Upsize 1100 litre Recycling – weekly collection	\$780.00	\$0.00	\$780.00	each/per annum	N
In exchange of standard 240 litre Recycling bin currently comprising part of full Commercial service.					
Upsize 1100 litre Mixed – fortnightly collection	\$920.00	\$0.00	\$920.00	each/per annum	N
In exchange of standard 240 litre Mixed bin currently comprising part of full Commercial service.					
Upsize 1100 litre Recycling – fortnightly collection	\$360.00	\$0.00	\$360.00	each/per annum	N
In exchange of standard 240 litre Recycling bin currently comprising part of full Commercial service.					
Bin Trim 360L	\$0.00	\$0.00	\$0.00	each/per annum	N
In addition to Full Commercial Service.					

### Domestic Waste Management Standard Service

Domestic – Full Service	\$842.00	\$0.00	\$842.00	each/per annum	N
Weekly service (per separate occupancy). Consisting of 3 x 240 litre mobile garbage bins (1 mixed waste and 1 recycling collected fortnightly, 1 organics collected weekly)					

Name	Year 23/24			Unit	GST
	Fee (excl. GST)	GST	Fee (incl. GST)		

### Domestic Waste Management Standard Service [continued]

Domestic – Vacant Land	\$222.00	\$0.00	\$222.00	each/per annum	N
Where service is available/on defined waste collection route					

### Domestic Waste Management Additional Services

Additional 240 litre Mixed – fortnightly collection	\$185.00	\$0.00	\$185.00	each/per annum	N
In addition to Full Domestic Service					
Additional 240 litre Recycling – fortnightly collection	\$60.00	\$0.00	\$60.00	each/per annum	N
In addition to Full Domestic Service					
Additional 240 litre Organics – weekly collection	\$150.00	\$0.00	\$150.00	each/per annum	N
In addition to Full Domestic Service					
Additional 360 litre Recycling – fortnightly collection	\$85.00	\$0.00	\$85.00	each/per annum	N
In addition to Full Domestic Service					
Upsize 360 litre Recycle – fortnightly collection	\$26.00	\$0.00	\$26.00	each/per annum	N
In exchange of standard 240 litre Recycling bin currently comprising part of full Domestic service.					

### Waste Facility Access Charge

Waste Facility Access Charge	\$222.00	\$0.00	\$222.00	per annum	N
Levied on all rate assessments not on the defined collection route. One waste facility access card issues per charge levied.					

### Waste Facility / Transfer Station Fees
